BOLD

Model: N3 Designed in Miami

Polished Elegance

Unleash sheer brilliance with the **BOLD N3**. Its sleek, lightweight design features a symmetrical dual-curved screen for boundless views. Experience immersive visuals with the 3D dual-curved screen. Meticulously crafted with premium materials, it's a masterpiece of elegance and technology.

Curved Brilliance

Experience the next level of gaming and video watching with a 120Hz display. With twice the frame rate of a standard 60Hz display, you'll see smoother, more fluid motion that will make your games and videos look more realistic than ever before.

Next-Level Gaming

The **BOLD N3** is a great device for gamers who want the best possible experience. It has a powerful ARM Mali-G68 GPU that ensures smooth, lag-free gameplay even on the most demanding games. If you're looking for a phone that will take your gaming to the next level, the **BOLD N3** is the perfect choice.

Epic Velocity

5G

5G phones are the future of mobile technology. With speeds up to 100 times faster than 4G, you can stream, download, and game like never before. Plus, 5G is more reliable and has lower latency, so you can stay connected even in crowded areas.

Get a 5G phone today and experience the future of mobile.

Unleashed Power

The Dimensity 7050's Octa-Core CPU features two Arm Cortex-A78 processors clocked up to 2.6GHz for exceptional performance, rapid App response, and smoother FPS in games.

The Arm Mali-G68 graphics engine is optimized for power-efficiency, extending battery life even further for mobile gamers.

Activate AI functions for automatic scene detection to adjust your camera to the best scene.

Battery Powerhouse

With the **BOLD N3**, a draining battery will never hold you back. Its 4,700 mAh battery and 66W fast charging ensures less waiting and more device enjoyment. In addition, the advanced Dimensity 7050 CPU optimizes power efficiency for extended battery life. Enjoy the power of 5G in a sleek and stylish device.

* Battery performance depicted above is not 100% accurate and will vary depending on usage patterns, the strength of signal, network, device settings, battery condition, and temperature. The battery life claims depicted are based on user testing that includes device usage under optimal networking

Worry Less, Do More

66W super max charger have you up and running in no time. Get a full charge in just minutes, so you can stay connected and productive all day long. Our quick charging technology is perfect for busy people who need to stay powered up on the go.

66W Super Max Charger

Perfect Connection

Keep your phone close and all your other gadgets closer. With NFC you can automatically connect your life to stress-free daily life.

(((NFC)))

Effortless Security Access

With a lighting fast in-display fingerprint sensor, the **BOLD N3** will allow users to unlock a world of experiences in less than 0.4 seconds. Not to mention the ultimate security for all your important applications and files.

In-Display Fingerprint Sensor

Hassle-Free Unlocking

Unlocking your phone has never been easier, with the **BOLD N3** users can unlock with both Face ID and security fingerprint sensor.

Face ID

13

Android 13

Android 13 is a major update to the Android operating system that focuses on privacy and security, with new features like a privacy dashboard, a photo picker that lets you share specific photos without giving an app access to your entire library, and a new security feature that lets you revoke permissions from apps you haven't used in a while.
