BLU Products, Inc. Model: G52L
Designed In Miami

Unique Design

The all-new BLU **G52L** combines design detail with precise engineering to develop exceptional products. With a matte metallic paint finish and leather-inspired pattern on the battery cover is sure to be a conversation starter wherever you go.

Available in Mint Blue, Burgundy, Blue and Grey.

Beauty Redefined

The **G52L** offers a sharp viewing experience with a high-definition 6.5" curved glass display. Bringing colors to life and realism within reach, you can enjoy your favorite movies, or T.V. shows anytime, anywhere.

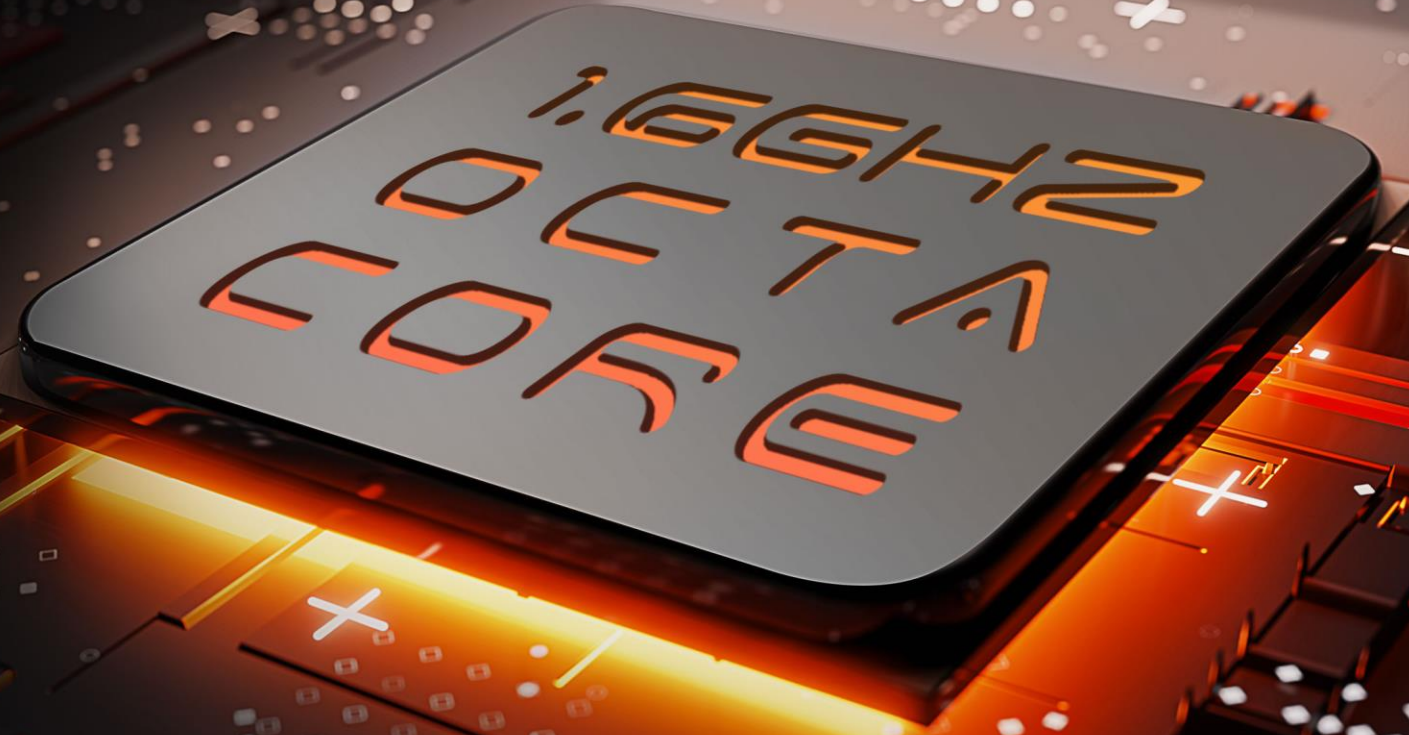

G52L

Electrifying Speed

Powered by a UNISOC 9863 chipset with 1.6GHz Octa-Core speed, the **G52L** offers impeccable performance. You can blast emails, catch up on the latest shows, or surf the internet without lagging. Nothing will get in your way.

1.6GHz | 28nm
Octa-Core

64GB Storage
2GB Ram

Up to 3 Days of Battery

* Battery performance depicted above is not 100% accurate and will vary depending on usage patterns, the strength of signal, network device settings, battery condition, and temperature. The battery life claims depicted are based on user testing that includes device usage under optimal networking conditions.
