Metal Back Cover

The GRAND M2 LTE utilizes state of the art material such as aluminum on the battery cover which provides structural integrity, while also raising the bar on the aesthetic quality. Pushing the design to a higher level that few succeed in.

Processor and Memory

Enjoy a seamless experience with 8GB of internal memory and 1GB of RAM. With a MediaTek 6737 chipset and a 1.1GHz quad core processor, the GRAND M2 LTE will not disappoint. Enjoy all your movie and game like a pro with the built in Mali-T720 GPU. Expandable storage up to 64GB with built in MicroSD card slot.

Visual Stimulant

BLU once again provides a visual masterpiece. With an enormous 5.2" display and a 480 x 854 resolution at 188ppi, the GRAND M2 LTE transcends any cinematic experience user is accustomed to. High contrasts and vivid saturation displayed in perfection.

Curved Glass

Incorporating the highest grade material such as curved glass touch panel ensures excellent feedback and feel, as well as a gorgeous look.

Picture Time

Capture all those memorable moments with the GRAND M2 LTE's 5 Megapixel main camera with flash. You will definitely enjoy taking pictures every single time!

5MP
Main w/ Flash

Selfie Camera

With a 5MP front selfie camera, the GRAND M2 LTE makes sure your selfies are caught in a snap. With front flash, the GRAND M2 LTE provides the clarity and brightness in all light conditions.

Android Nougat

Introducing Android 7.0 Nougat. New multi-window support to use apps on screen simultaneously. Better background optimization to minimize RAM use by system and apps. Project Vulkan API, a new 3D rendering API for 3D graphics. With these new enhancements in addition to other features available, users will have many new capabilities.
