DASH XL

Beautiful Design

The DASH XL was designed with the eye of the beholder taken into account. A combination of front décor, black polish, electrolyzed framing, as well as a metal battery cover. The premium design surrounds and flows through out this smartphone.

Available in Rose Gold, Gold and Grey.

Crisp And Clear Display

Cringing and squinting need not apply. With the 5.5 HD with BLU Infinite View Technology (IPS), the DASH XL will provide a huge screen with vivid colors and HD quality to view everything from emails to catching up on your latest TV episode.

Double The Fun

You can take quick snaps with your 5MP main camera whenever a “must save” moment arrives.

For the selfie lovers, there is a 5MP camera on the front which can also be used while video calling using third party applications.

Dual SIM Card **1 2**

A Dual SIM gives you several advantages that you cannot let pass by. Having two SIM slots in your mobile device, there isn't anything to worry about: Exchanging SIM cards from one phone to another • Carry two phones in your pocket • Remember to charge two devices. You could take advantage of different voice/data plans for better rates, better coverage, and separate bills. You can set apart personal from business phone calls. For the international traveler, a DUAL SIM phone could avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.

Productive Processor

The energy efficient MediaTek 6580 processor brings quad core performance without taking a toll on battery life. Put your Dash XL to the test with its 1.3GHz Quad Core processor and you will see that it multitasks as well as you do. Watch videos and play games seamlessly with your Mali-400 GPU.

Stay Unlocked

Stay connected with friends and family while traveling across the country. Get the job done no matter where you are.

The DASH XL comes with 3G 850/1700/1900, 850/1900/2100 so you can have coverage across the entire United States with all different carriers; AT&T, T-Mobile, MetroPCS, and entire MVNO network.

Choose your carrier:

•• T-Mobile ••

metroPCS
Unlimit Yourself.

Android 6.0 Marshmallow

NEW FEATURES

Redesigned user interface that is friendly and intuitive.

Lock screen notifications that offer quick actions as well as quick access.
