GRAND XL

Design

Designed with the best aircraft grade aluminum

The GRAND XL provides both a stylistic and functional design approach. Crafted with precise care the metal housing surrounds the beautiful curved glass display.

Available in Silver, Gold, Rose Gold and Black.

A look inside

Precise Engineering

Advanced tooling technology that utilize state of the art CNC milling along with precise assembling.

Curved Glass

Design and Functionality combined

A curved glass display design provides amazing resolution and rich colors from all angles, making GRAND XL's touch panel more responsive to touch.

Android Nougat

Introducing Android 7.0 Nougat. New multi-window support to use apps on screen simultaneously. Better background optimization to minimize RAM use by system and apps. Project Vulkan API, a new 3D rendering API for 3D graphics. With these new enhancements in addition to other features available, users will have many new capabilities.

Dual Sim **1** **2**

Don't ever worry about exchanging SIM cards from one phone to another or carrying two phones in your pocket. With two SIM slots, you can take advantage of different voice/data plans for better rates, better coverage, and separate bills. Set apart personal calls and business calls and avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.
