DUAL SIM CARD **1** **2**

A Dual Sim gives you several advantages that you cannot let pass by. Having two SIM slots in your mobile device, you won't have to worry about exchanging SIM cards from one phone to another, carrying two phones in your pocket or remembering to charge two devices. You can even take advantage of different voice/data plans for better rates, better coverage, and separate bills. You can set apart personal from business phone calls. A Dual Sim phone could avoid roaming charges by having a domestic carrier SIM and an international carrier SIM.
