Your Tablet and Your Phone

When the tablet was introduced people did not know what to make of this new medium. What people knew though is that it was not a phone.

All that has changed now, as the Touchbook M7 has the capability of making calls thanks to a built-in earpiece and microphone.

So just pick up your Touchbook M7 and reach out and call someone.

Dual Cameras

For those loved ones that live far away, there is a 2MP selfie front camera so being in touch is just a video call away.

Take advantage of the main 3.2MP camera on your Touchbook M7, so you can capture all of life's great moments.
