Key Selling Points

Vivid 5.5" HD display with Curved **Corning Gorilla Glass 3**

13 Megapixel Autofocus main camera with Flash and
8 Megapixel Front facing camera

Powered by Mediatek 6737T 1.5GHz Quad Core Processor

Generous **32GB** of internal memory and **3GB** of RAM

Super 3,150 mAh battery with Quick Charge

30% longer battery life than predecessor Vivo XL

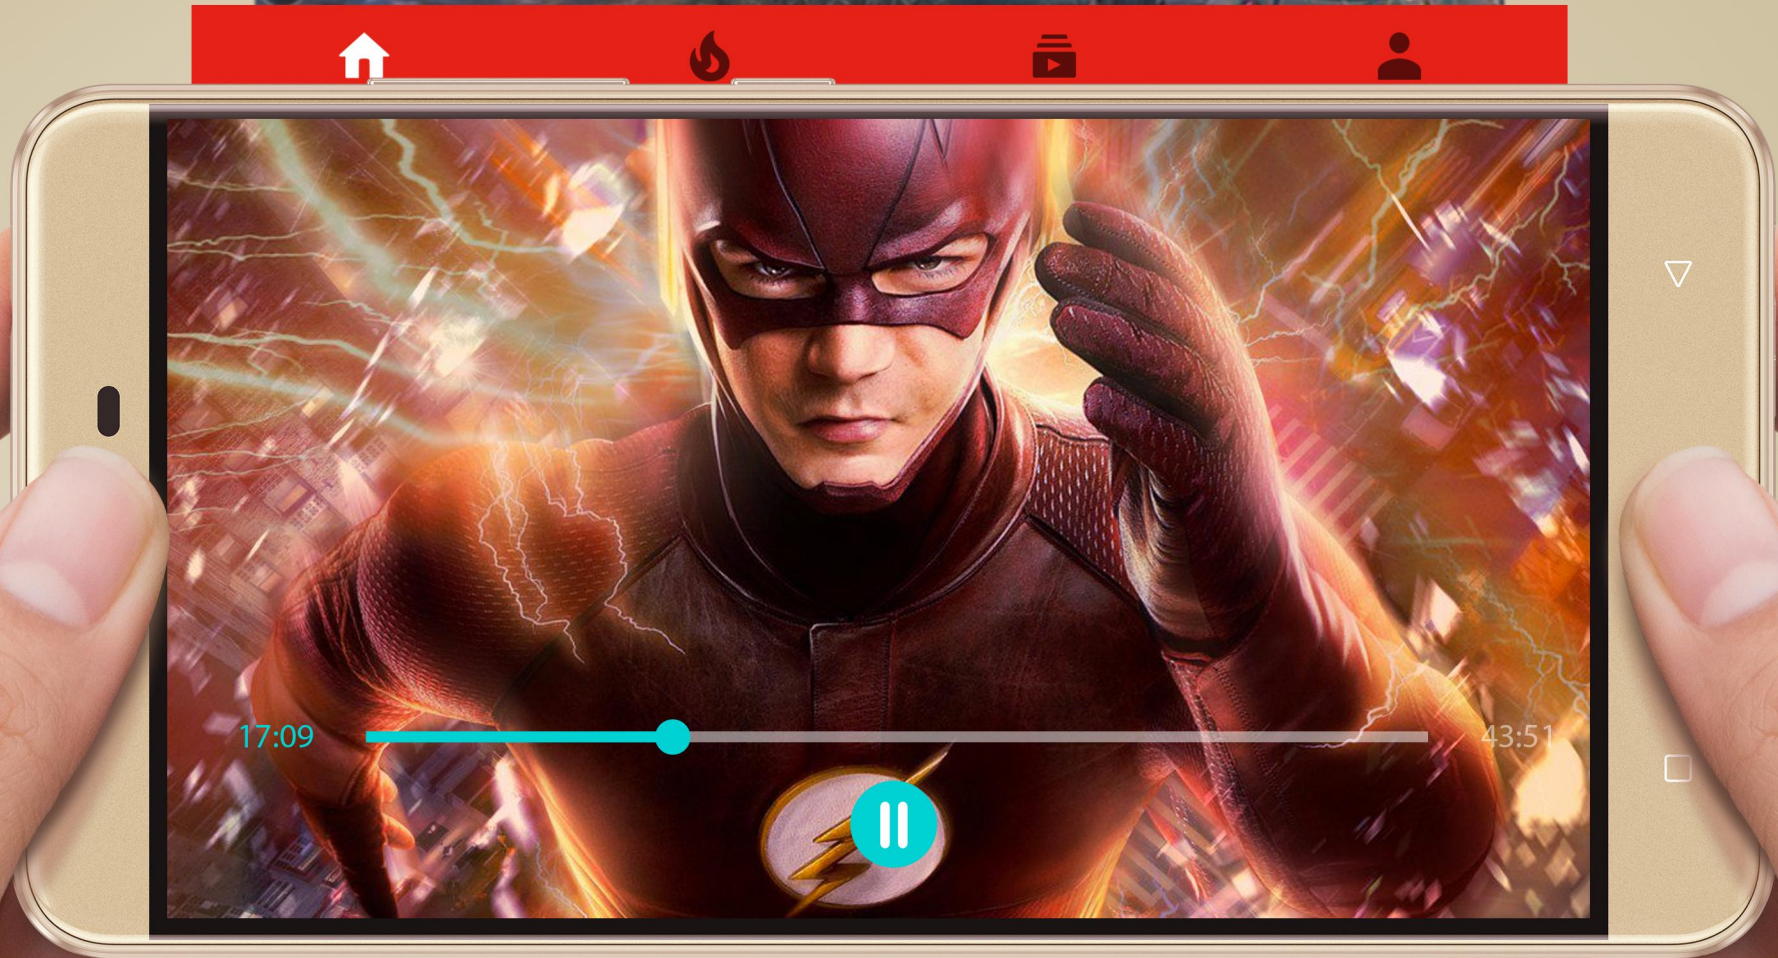

Android v6.0 Marshmallow

Design

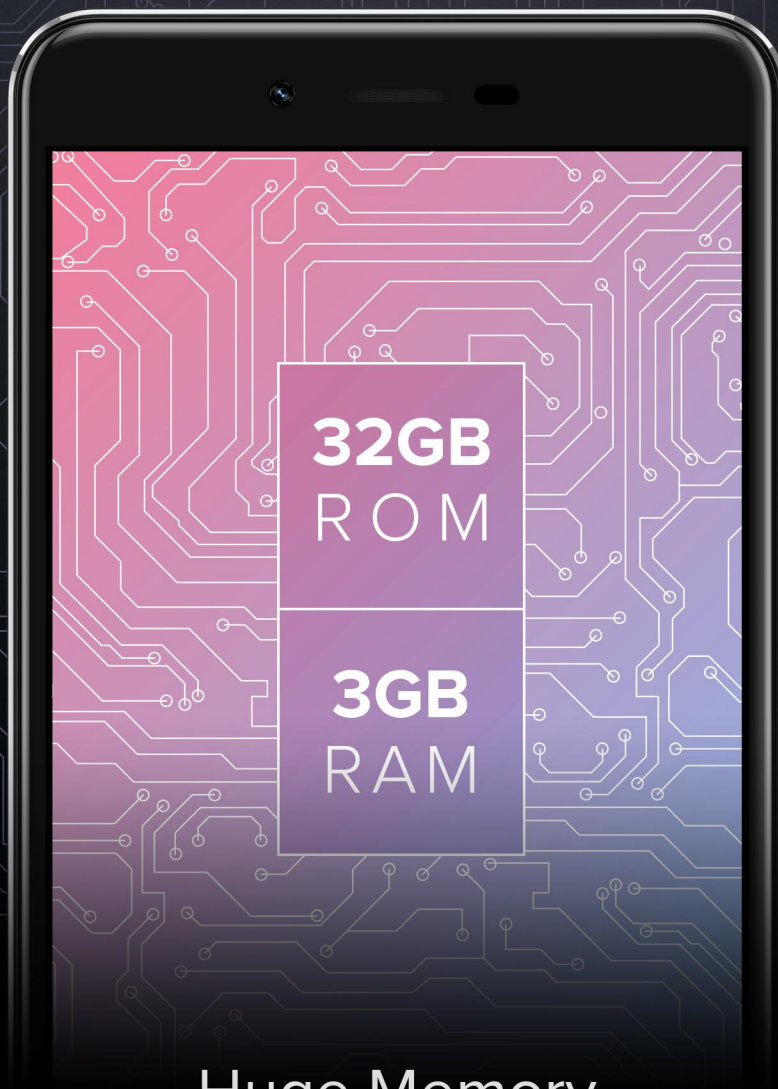

The VIVO XL2's stunning design utilizes state of the art tooling technology that engraved micro pattern onto the battery cover followed by electrolyzed paint particle to achieve a metallic sunburst effect that is both eye catching and aesthetically pleasing to user. The beautifully crafted curved glass display compliments the all ready premium finished smartphone. Available in Blue and Gold.

Built for Speed

The VIVO XL2 can handle all your performance demands, with a MediaTek 6737T chipset and 1.5GHz Quad Core processor. Watch all your favorite fast paced movies and never miss a beat with the lightning fast Mali-T720 GPU.

Huge Memory

Multitasking is now a breeze with the built in 3GB RAM. Downloading a PowerPoint presentation file, streaming a Netflix movie and shooting out an email, all right before boarding a flight is now effortless.

Ample amount of space to allocate your pictures, music and videos on the 32GB internal memory.

Download and install all the Apps from the Google Store.

An optional MicroSD slot will offer the user even more memory space up to an extra 64GB.

Stunning Display

The VIVO XL2's captivating 5.5" HD display with BLU Infinite View (IPS) display will provide an impressive view from any angle. The high definition display will surely provide a whole new level to how you view pictures and movies on your smartphone.

Curved Glass

The VIVO XL2 blends technology and design into
an incredible package.

Incorporating the highest-grade material curved glass touch
panel with color match finish ensures excellent feedback and
feel, as well as a gorgeous look.

Corning Gorilla Glass 3

The Vivo XL2 is bonded with Corning Gorilla Glass 3 so your device and concerns are accommodated with an extra layer of armor to protect it from scratches and cracks.

Corning Gorilla Glass 3 provides Native Damage Resistance protection, offering up to three times more damage resistance than Gorilla Glass 2.
