VIVO GO

ALWAYS ON THE MOVE

Flawless Design

Being the leader of the smartphone industry requires more then technical prowess, aesthetic and brand image plays equal importance. BLU designed the VIVO GO to push the envelope and used the most advanced finish to give users the best that they have to offer. Metallic plating finish on the battery cover, along with mirror finish on the middle housing, grace the housing while the color matched curved glass touch panel finish off the masterpiece. Available in Black.

BLU View Plus

The VIVO GO provides a grand and vivid experience with an advanced 6.0" HD+ 18:9 display. With a 720 x 1440 resolution, the VIVO GO showcase more display on a slimmer housing. Experience HD quality video or catch up on the latest game, never miss a beat.

18:9 Aspect Ratio

720x 1440 Resolution

87% Screen to Body Ratio

Curved Display

Technology and design all in one incredible package. The VIVO GO incorporates the highest-grade material, such as a curved glass touch panel to ensure excellent feedback and feel, as well as a liquid form factor.

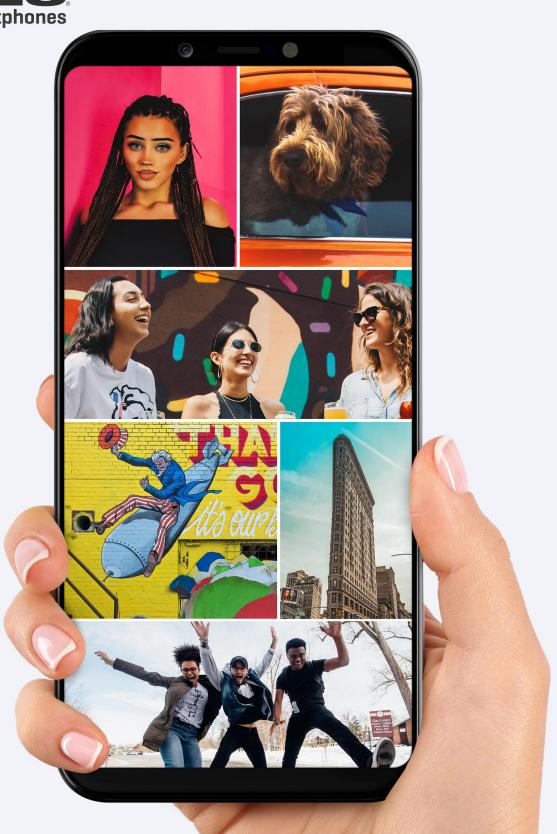

Performance

MEDIATEK

The VIVO GO is powered with a 1.5GHz Quad-Core Mediatek chipset. Built for today's most demanding games and applications, power efficiency, and the streamline multitasking. Nothing will stand in the way for you to tackle all your daily task.

Memory

16GB internal memory along with 1GB of RAM the VIVO GO pack enough space for downloading all your favorite music, videos and pictures. Additional built-in MicroSD slot that allows for an extra 64GB.

Lights, Camera, Action!

With dual-rear main cameras, the VIVO GO will capture the most impressive images. Easily adjust the depth of field and check your photo before capturing it. With both, 8 Megapixel + VGA dual cameras setup, every picture will look stunning every single time.

Selfie Camera

The VIVO GO is equipped with an 5 Megapixel front camera, to enhance self portraits to limits that are unheard of.

5MP Selfie w/ Flash

Unlock your smartphone with the press of a finger for quick secure access. The VIVO GO, assures total security for all your important applications and files.

Globally Connected & Dual SIM

Stay globally connected with friends and family while traveling the world. The VIVO GO, comes with 3G 850/900/1700/1900/2100, 4G LTE 1/2/3/4/7/12/17/28 to ensure, you always have access to worldwide carrier coverage while you're on the go! Take advantage of different voice and data plans for better rates, better coverage and separate bills with the VIVO GO Dual SIM slots.

With Android (Go edition), we aim to bring the latest Android improvements to more entry-level phone buyers. As part of the release of Android 9 Pie, we're introducing a brand new Go edition experience. A core part of the Go edition experience is the fully redesigned set of Google apps, which are specifically built to serve the needs of first-time smartphone owners.

- Up to an additional 500MB of storage available out of the box
 - Faster device boot times
 - Top-of-the-line security features like verified boot
- A accessible dashboard for tracking and monitoring data consumption
- YouTube Go makes it easier to enjoy videos while using less data with new features.
- Maps Go now features navigation, making it possible for people with Go edition devices or unstable connections to use turn-by-turn directions whether you're traveling by car, by bus, or on foot.
 - Assistant Go now supports additional languages and has expanded support for device actions like controlling Bluetooth, camera and flashlight, and added reminders.
- Android Messages App for Android (Go edition) is now ~50 percent smaller in size and the Phone App includes caller ID and spam detection.
